TAJ LAKE PALACE UDAIPUR

Taj Lake Palace, Udaipur, the most romantic hotel in the world, appears to float serenely on the waters of Lake Pichola amid the Aravali Hills. This magnificent palace has been restored to its pristine glory and has 65 luxurious rooms and 18 grand suites. It is located in the heart of Udaipur, 25 kms away from the airport, and can be reached by a private boat.

Taj Lake Palace Hotel is one of the most recognisable residences in the world having featured in many films, most notably *The Jewel in the Crown* and *Octopussy*. Originally called Jag Niwas, this sublime palace built of white marble with gardens, fountains, Jharokhas and landscaped courtyards, continues the tradition of grand soirees and formal levees which were hosted here by the royal family of Udaipur. Meetings at the Taj Lake Palace are like nowhere else in the world. Where else can you meet that special someone at a palace in the middle of a lake! This most romantic of hotels makes it the ideal venue for a fairy tale wedding or a magical honeymoon.

The 65 rooms and 18 suites of this fairy tale palace all have stunning views of the lake. They are ornately decorated and reflect the opulent lifestyle of the royal kingdom of Udaipur.
